FISHERIES

A reservation designated as the Southwestern Alaska Fisheries Reservation having been created by the Executive Order of November 3, 1922, the San Juan Fishing and Packing Company, Inc., whose post office address is Stacy Street and East Waterway, Seattle, Washington, is hereby authorized to catch and salt herring for commercial purposes at Halibut Cove, Kachemak Bay, within the Cook Inlet district of the said reservation, during the winter season of 1923-24, under the following conditions:

1. That the company is authorized to operate five hundred (500) fathoms of gill net only for the taking of herring in Halibut Cove and the adjoining lagoon, and may further operate one 200-fathom purse seine for the taking of herring in Kachemak Bay. The use of purse seines is prohibited within Halibut Cove and the lagoon.

2. That the pack of salt herring shall not exceed two thousand (2,000) full barrels and one hundred and fifty (150) tons of bloaters, or dry salted herring.

3. That this permit does not grant any right to fish for salmon within the waters of the said reservation.

4. That the permittee shall observe the existing laws and regulations for the protection of the fisheries of Alaska and for the administration of the said reservation, (copies of which are attached hereto and the conditions of which are made a part of this permit), as well as those that may hereafter be enacted or promulgated for such purposes.

5. That all herring fishing operations shall terminate January 31, 1924, after which time a close season will be imposed through May 31, 1924; however, if at any time before January 31, 1924, the quality of the fish is not suitable for packing, all herring operations shall immediately cease, and a close season will thereupon become effective, and this permit will become void. This permit is not transferable and is revocable at any time at the pleasure of the Secretary of Commerce.
